CURRICULUM VITAE

R. Rubén Amengual–Matas studied Mechanical Engineering at the Universidad Politécnica (*Technical University*) of Madrid (UPM).

In 1995 Rubén joined the Spanish Patent and Trademark Office (OEPM) performing several roles: examiner in the Mechanical Patents Division, technical adviser in the Patent Department, IT coordinator, and technical officer within the Director General's Support Unit.

In 2003 Rubén obtained the Spanish Patent and Trademark Attorney qualification and practised as a patent attorney from 2006 to 2012.

Since 2009 Rubén has worked as a part–time lecturer at the School of Mechanical Engineering of UPM, teaching in such areas as Energy Technology, Solar Technology, Heat Transfer, and Innovation and Patents for Engineering.
